

Organic Boost

A complete BioGro-certified soil and plant food

Created by Fertco as no fuss solution for horticulture, small farms, lifestyle blocks, orchards, and home gardens. It contains naturally-sourced nutrients and humates to boost soil biology and plant processes.

Key Benefits

BioGro certified

Organic Boost is BioGro-certified so it's been made with natural organic products.

A complete organic plant food

All essential plant nutrients like nitrogen, phosphorus, potassium, sulphur, calcium, and magnesium are included in organically-certified, natural forms. It has added humates which are natural soil conditioners.

Multi-purpose

Organic Boost is perfect for growing pasture and a whole range of ornamental and food-producing plants, from garden shrubs and trees, to pasture, fruit trees, and vegetables.

Application

For pasture, apply 250 - 300 kg per hectare per year. For fruit trees, apply 1 - 2 kg per tree 4 times per year. For vegetables, 250 g per square meter 2 to 3 times per year is recommended.

Storage

Store in a cool, dry, well-ventilated place out of direct sunlight.
